Trucks you can trust
The Mercedes-Benz Service Contracts for your truck.

More peace of mind, right from the start.
Your truck is what drives your success. If it’s moving, then so is your business. To give you additional peace of mind on the road, you can purchase a Service Contract from Mercedes-Benz when buying a new vehicle: they offer varying levels of cover and are tailored specifically to your needs as a business customer.

Economic and efficient.
Avoid unnecessary downtime and gain more uptime by passing the administrative burden on to us (invoice control, processing of service cases). This will allow you to focus on your core business and give you a more reliable basis for planning. The same applies when it comes to calculating your costs: you can expect transparent and fair conditions – without any deductibles.

Long-term value retention.
Your truck is maintained, serviced and, if necessary, repaired. The work is done by experienced specialists and to Mercedes-Benz quality standards, which means that your vehicle will retain its reliability, performance and value over the long term.

Individual care.
Your Mercedes-Benz Dealer will be happy to advise you on the attractive benefits and conditions of the Mercedes-Benz Service Contracts.

Your Mercedes-Benz Service Contracts for trucks.
For more information and pricing on all Service Contracts, ask your local Truck Dealer or visit mbtrucks.co.uk/servicecontracts

Uptime.3,4

By intelligently networking your vehicles and transport company with the Mercedes-Benz Uptime Service, Mercedes-Benz offers you significantly greater predictability with regards to workshop visits and vehicle uptime. Fully automated telediagnosis continually monitors the status of the vehicle electronic systems and responds promptly to critical situations and to servicing and repair requirements. This can minimise breakdowns and downtime and allows scheduled workshop visits to be efficiently combined.

Three services, one objective: maximising uptime through individual customer care.

Real-time support for repair measures.
Our exclusive customer portal gives you a complete, real-time overview of the operating status of your vehicles as well as specific recommendations for action.

Efficient management of repairs and servicing.
Your home Dealer will tell you in advance about any repairs and maintenance work that has been identified as being necessary. They will proactively contact you to make sure all the required work can be carried out in one go at a time that suits your needs.

Preventing breakdowns.
If your vehicle is about to breakdown due to a condition that has been detected by one of the vehicles electronic sensors then the CAC will call you immediately and quickly arrange a workshop appointment at the Mercedes-Benz Authorised Repairer that is most convenient for your route.

Now standard on new vehicles with applicable Service Contracts.

3 Optional for an additional charge where not included as standard.
4 Available on Actros, Arocs and Antos.

Can be combined with all Fleetboard® services. No limitation regarding duration and mileage.
